

When an alcove space calls for something extra, the Como delivers with its perfect lines and uncompromising style.

This unit allows you to play with proportions and door positioning, empowering your creativity beyond the limits of standard design.

Shown Standard with chrome fittings and short square D handle.

Often specified with a long square D handle. Full pricing and technical overleaf.

DF = Demi Framed
DP = Door + Panel

- height 2200mm
- Suitable for steam
- Manufactured to the Standard Specification opposite unless requested otherwise

Adjustment

- 30mm of adjustment

Survey & Installation Service

- Tier 4 (see page 192)

Installation Notes

Standard and Bespoke - When installing the unit a 150mm gap is required between the headrail and the ceiling or soffit for fixing. Therefore the unit should be installed prior to the soffit when taking the unit to ceiling height or making the enclosure steam proof.

Bespoke only - When installing into a pre-existing aperture the headrail can be installed from below on request.

When fixing from below the door must be wider than the inline panel. This must be specified when the order is placed.
